IN E the undersigned basing been designated VV by the late Miss Barren to take charge of her Estate and to make such arrangements as we might deem necessary in regard to the Orpha's and their Children whom she had lyon time to time received under her protection take the enricet opportunity of placing before the community the position in which we found the estate and the measures we have adopted. It was syldent to us on enquiry and examination that the number of Children congregated in Miss Baxyan's two Houses, in Bonham Road, was. too large and the resources at her disposal too limited to admit of the Children being properly accommodated, fed, clothed and educated. It was accordingly decided to reduce the numbe of Girls and Doys to within such a reasonable limit as would, with the preuniary medistance. we might hope to receive, enable us to do justico

to all retained. In the selection of the Children to be so retained we were careful to show a preference to these who had been the greatest con co of solicitude and anxiety to the late Miss BAXTER. As a temporary measure and pending communications from the Friends of Miss. BANTER, in England, it has been arranged through the kindness of the Committee and Trustees of the Diocesan Native Female Training School, that the Girls be received into the unoccupied portion of their Building under the care of Miss. Calar. we guaranteeing to hold the institution free from

all expenses attendant upon the arrangement. The Boys retained have in a similar manner upon the same conditions, been transferred to St. Paul's College under the care of Miss Rooms recently arrived from England. The School Master and his Wife, also lately arrived, were sent back to England by the mail Steamer of the 29th July. These measures enable us to surrender the two School Houses this day and thus to effect a saving of about \$213 per month in School Master's Salary, House Rents and Taxes, besides many
